# MODULAR KITCHEN INTRODUCTION

**KITCHEN DESIGN IS MAKING THE BEST POSSIBLE USE  
OF THE AVAILABLE SPACE**

## What exactly is a modular kitchen?

It is simply a term used for the modern-day kitchen furniture layout which is especially designed to optimize functionality and the use of space. These kitchens use various modules (units) of cabinets that are crafted out of diverse materials and hold kitchen accessories inside.

The basic structure of a modular kitchen is extremely practical. The units on the floor are called 'base cabinets' and serve as the foundation for the kitchen worktop which is usually made out of granite, marble, tile or wood. The ones fastened on the wall for storage purposes are known as 'wall cabinets'. There is even a 'tall storage unit' created for smaller kitchens and apartments.

While these modules form the framework, a modular kitchen also constitutes wooden cabinets, counter tops, internal accessories, as well as electro-domestic gadgets like a chimney, hob, built-in oven and sink. In some high-end kitchens, a refrigerator and dishwasher may also be included.

### OUR KITCHEN RANGE :

- Available in marine ply, MDF and particle board
- Quick and hassle-free installation
- Available in all variants of front finishes, laminates, membranes, melamine as well as in painted, acrylic, back-painted glass etc.
- Also available in fully and semi-modular styles

YOUR PREFERENCES**

## EXPERT SOLUTION TO MAXIMIZE YOUR SPACE

### INTRODUCTION

BDD Wardrobe is specially made to satisfy consumer's need of good design and functional product. Equipped with various accessories to make the wardrobe clean and tidy. The wardrobe collections consist of 5 modules and 13 differentiated by handle and door opening style.

### MATERIAL QUALITY

People desire a nice and functional wardrobe, but most importantly they want it to be durable. By combining aesthetic aspect with its careful choices of the wood materials, BDD Wardrobe even goes beyond that expectation. The production process is handled by experienced and skilled craftsmen, while aiming only at perfection. The end result: a masterpiece for the discerning.

### FINISHING OPTIONS

- **Materials** - Available in marine ply, Melamine faced Chipboard (MFC), Medium density fiberboard (MDF). The difference is only on the characteristic of the material, resulting in the final look on the panel surface.
- **Sliding system** - includes fittings like inline slide, slide overlay for 2 doors or 3 doors and various others
- **Accessories** - includes wide range of products like pull out mirror, LCD brackets, tie and belt holder, wardrobe stick, wardrobe rack and many more
